

Welcome to Vocal! Here's a quick summary of your nbn® internet plan just to make sure you're across all the important things you need to know about the service and our charges.

Information about the Service

The National Broadband Network (nbn®) provides affordable high-speed internet to all Australians and supports different types of technology to connect your premises to a fibre optic line which includes FTTP, FTTN, FTTB, HFC and fixed wireless (rural and remote areas only)

The technology used for your connection depends on where you live and will influence the speed of your service, the equipment to be installed by nbn® and the type of compatible router needed to use this service.

Minimum term: 12 months (monthly access fee amortised and charged upfront and each anniversary.

Bundling: Not required for this service

Router: You can choose to use your own nbn® compatible router or receive one from Vocal either as an outright purchase or monthly payments when owned and managed by us.

Promos and special pricing: This summary may not cover any special or customised rates or optional extras.

nbn® speeds: Refer to our 'nbn® Speed Guide' for information on factors that may affect the speed of your nbn® service with us which can be found on our website.

What is included

Unlimited data

Monthly Data Allowance is subject to our Fair Use Policy.

NBN equipment

NBN Co will provide equipment required to connect the service which may include the nbn® Utility Box, NBN Connection Box and power supply with battery back-up.

What is not included

Equipment that you may choose to plug into the nbn® Connection Box such as a wifi router, VoIP box or IP telephone. Customers are responsible for the installation and configuration of any devices connected to the service regardless of it being supplied by Vocal or a third party.

Information about pricing

Other Information

nbn® Coverage & Serviceability

The nbn® service is only available in selected coverage areas and subject to a service assessment, may be delivered to your premises utilising a variety of technologies which may include satellite for rural locations. For information about network coverage call us on 1300 796700 or visit the NBN Co website.

Usage Alerts

We'll do our best to send you timely SMS alerts concerning your usage when you have reached 50%, 85% and 100% of your included allowances for either data or calls relating to your mobile service plan.

If you have used more than 100% of your included allowances, and we have not heard from you then we may restrict your service for the remaining bill cycle to reduce any excess charges. Alternatively, you may request that we restrict such services on your behalf from a period of time.

Reporting & Online Tools

Customers may access our Self Help Tool at no charge via the Vocal website to review bill history, reports and unbilled charges. Contact Customer Support to request your login details.

Service Faults & Difficulties

You can report a fault at anytime which we will action on the same or next working day. We will do our best to restore your service within 2 full working days depending on your location or work load.
